1-1 Questions and Answers

PAGE 2

## **1-1 Questions and Answers**

Q1: In Attachment C, Qualification Matrix, Section 4, it is requested to provide the number of projects in past 5 years based on the construction value of the projects. As a geotechnical and material testing consultant, we frequently do not have access to this information. Would a listing of project experience based on the project type (Other, K-12, Community College) be sufficient?

A1: Provide information of project experience that includes a detailed description of the project scopes sufficient to allow the district to evaluate the complexity of the project and the effort required to successfully provide the required services.

Q2: On page 11, Experience, we are requested to provide any professional registration, certifications and affiliations for the Firm. Can these be included in an Appendix and/or may we just list them in a table in the Experience section?

A2: Provide the required information in the Experience section. A table is acceptable if it provides the information requested.

Q3: The RFQ states that "Each section 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 and 13 shall be tabbed." There appears to only be 11 tabs. We wanted verification that there are only 11 sections/tabs to this proposal.

A3: There are 11 sections to be addressed therefore 11 tabs are required.
