

UNMANNED AIRCRAFT SYSTEMS (UAS)

The operation of unmanned aircraft systems (UAS), including drones, shall be limited to instructional programs, construction activity, marketing needs, and other such purposes as deemed necessary to support the functions of the District. UAS are regulated by the Federal Aviation Administration (FAA) and relevant state law.

The Chancellor shall establish administrative regulations to ensure that any use of UAS on District property shall comply with FAA requirements and applicable laws; mitigate risks; and ensure safety, security, and privacy.

Any exceptions to this Board Policy or corresponding administrative regulation must be reviewed, authorized, and approved by the Vice Chancellor of Business Services to ensure compliance with legal and risk management requirements.
