FROM: Gary L. Poertner, Chancellor

RE: Saddleback College: Energy Management System Agreement
Filing of a Notice of Completion

ACTION: Approval

BACKGROUND

On April 30, 2012, the Board of Trustees approved a contract with Computrol, Inc. to install an energy conservation project, which included the installation, programming and commissioning of a new energy management system in the amount of \$1,400,000.

STATUS

Computrol, Inc. has completed the installation, programming and commissioning on February 22, 2013. Staff and consultants inspected the project and found it to be completed to satisfaction.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees authorize the filing of a Notice of Completion (Exhibit A).

TO: Board of Trustees

FROM: Gary L. Poertner, Chancellor

RE: Saddleback College: Learning Resource Center Renovation Project:
Amendment No. 3 to Labor Compliance Agreement Scope of Work

ACTION: Approval

BACKGROUND

On June 28, 2010, the Board of Trustees approved an agreement with Parsons Brinckerhoff to provide labor compliance services for the Learning Resource Center Renovation project at Saddleback College for \$42,450. On March 26, 2012, the Board approved Amendment No. 1 in the amount of \$10,925. On July 30, 2012, the Board of Trustees approved amendment No. 2 in the amount of \$26,770 equaling a new contract total of \$80,145. Labor compliance services increased due to contractor delay and site conditions.

STATUS

Additional labor compliance services were required for an amount of \$14,155 equaling a new contract total of \$94,300. A portion of the costs will be back-charged to the contractor.

Staff recommends approval of additional labor compliance services.

Funds are available in the project budget which is \$22,814,000.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees approve Amendment No. 3, EXHIBIT A, to Parsons Brinckerhoff labor compliance services scope of work for an amount of \$14,155 with the revised contract amount of \$94,300 for the Learning Resource Center Renovation project at Saddleback College.

RE: Irvine Valley College: Life Sciences Building: Change Order No. 10

ACTION: Approval

BACKGROUND

The Board of Trustees approved basic aid funding for the Irvine Valley College Life Sciences project for a revised total budget of \$20,490,000. On April, 25, 2011, the Board of Trustees approved an \$11,387,287 construction contract with Edge Development Inc. Previously approved change orders increased the contract by \$172,532.11 for a revised amount of \$11,556,845.11. Edge defaulted and Liberty Mutual, surety for Edge, will use Amoroso Contractors to take the contract to project completion.

STATUS

Exhibit A includes Board Change Orders No. 10. It describes the required modifications contained in Change Order Requests (COR) numbers 29T, 32T, 33T, 39T and 40T. Approval of change order No. 10 will result in an increase of \$27,542.

The total change to the contract does not exceed the 10% limit allowed by Public Contract Code. Approval will bring the revised contract to \$11,584,387.11.

Funds are available within the approved project budget which is \$20,490,000. Other costs covered by this project budget include architectural fees, inspections, testing, buildings and equipment.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees approve Change Order Requests (COR) numbers 29T, 32T, 33T, 39T and 40T for the Irvine Valley College Life Sciences project as described in EXHIBIT A and authorize staff to execute the corresponding change order with the contractor which will result in an increase of \$27,542 in the total project cost. The revised contract amount is \$11,584,387.11.

FROM: Gary L. Poertner, Chancellor

RE: Saddleback College and Irvine Valley College: Community Education, Summer 2013 – Additional Course Offerings

ACTION: Approval

BACKGROUND

The South Orange County Community College District is known for offering high-quality, non-credit programs and fee-based classes. Saddleback College and Irvine Valley College perform an important service and fulfill a vital part of their mission by offering these courses and programs through Community Education. The Community Education programs, presenters, and accompanying compensation require the approval of the Board of Trustees.

STATUS

A variety of educational and recreational events have been planned by Saddleback College and Irvine Valley College Community Education to serve the community during the Summer Session 2013. Expenses for conducting these courses will be paid by the income from participant fees. Following Board approval of the Summer Session 2013 Community Education course offerings at the February 25, 2013 board meeting, the colleges planned some additional courses to include in their Summer 2013 program. Exhibit A lists the Saddleback College additional course offerings, presenters, and compensation. Exhibit B is the Irvine Valley College list of additional course offerings, presenters, and compensation.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees approve the Community Education courses, presenters, and compensation as presented in Exhibits A and B.

RE: Saddleback College and Irvine Valley College: Speakers
ACTION: Approval

BACKGROUND

Outside speakers may be invited by administrators, faculty members, or recognized student groups to speak at events open to the public.

STATUS

Administrative Regulation 6140 requires that the Board of Trustees be notified, at each board meeting, of speakers who have been invited to speak and/or who have spoken at the colleges and/or ATEP since the last board meeting. Travel expenses and/or honorarium for speakers must be recommended by the Chancellor or college president and submitted to the Board prior to reimbursement of travel expenses or payment of honorarium.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees approve the general fund honoraria as shown in Exhibit A.

RE: SOCCCD: 2014-2015 Academic Calendar
ACTION: Review and Study

BACKGROUND

Annually the South Orange County Community College District Academic Calendar Committee convenes to review the development of the academic calendar. During the 2012-13 academic year, representatives from the governance groups studied calendar options for 2014-2015.

STATUS

The District-wide Academic Calendar Committee met on March 4, 2013, and voted to recommend a calendar for 2014-2015. The Academic Calendar proposed for 2014-2015 has been reviewed and approved by the District-wide Academic Calendar Committee (Exhibit A). The calendar meets Education Code requirements, accounts for holidays mandated by the California Community College Chancellor's Office (Exhibit B), and includes classified staff holidays in compliance with Article 10 of the California School Employees Association (CSEA) contract and Article 9 of the Police Officers Association Master Agreement.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees accept for review and study the proposed Academic Calendar for 2014-2015 (Exhibit A).

RE: SOCCCD: District-wide Wireless Network Refresh

ACTION: Approval

BACKGROUND

During budget approval for fiscal year 2012-13, the board approved funds to begin the upgrade of the district-wide voice and data network. This refresh has the highest priority and will replace hardware that has or will reach end-of-life/end-of-support. The district-wide wireless network infrastructure allows ubiquitous access to the district-wide network and internet for all students, faculty, and staff.

Pursuant to Public Contract Code section 10298, the District can utilize contracts awarded by the California Department of General Services through its California Multiple Award Schedules (CMAS).

STATUS

District staff has determined that two contracts awarded by the California Department of General Services to Presidio (CMAS contract numbers: 3-11-70-2834A and 3-12-70-2834E) meet the needs of the District. The CMAS contracts are available for review in the Facilities Planning and Purchasing Department. District staff has reviewed the terms and conditions of the contracts and finds it is in the best interest of the District to use these CMAS contracts to negotiate a best value for services and equipment with Presidio.

Total cost of the equipment and consultant/implementation services will not exceed \$900,000. Funding for the project is available through the project budget approved through Basic Aid distribution in 2012 of \$2,500,000.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees approve the use of the two listed CMAS contracts for equipment and services purchases. This approval applies to purchases made within the term of each contract and is contingent upon verification of the availability of funds for each purchase. Estimated costs for the expenditures are \$348,867.91.

RE: SOCCCD: Budget Amendment: Adopt Resolution No. 13-09 to Amend FY 2012-2013 Adopted Budget
ACTION: Approval

BACKGROUND

Title 5 of the California Code of Regulations, Section 58308 provides that the Board of Trustees by resolution may amend the District budget to provide for the expenditure of funds, the amount of which was unknown at the time of the adoption of the final budget.

STATUS

In order to properly account for the revenues and expenditures of these funds, it is necessary to amend the FY 2012-2013 Adopted Budget.

The District is updating the adopted budget with current information as follows:

General Fund

North Orange County CCD at Irvine Valley College	\$90,000
CTE Community Collaborative at Irvine Valley College	\$13,645
Board Financial Assistance Program (BFAP) at Saddleback College	<u>\$9,410</u>
Total Increase to the General Fund	<u><u>\$113,055</u></u>

Total Budget Amendment	<u><u>\$113,055</u></u>
-------------------------------	-------------------------

RECOMMENDATION

The Chancellor recommends that the Board of Trustees adopt Resolution No. 13-09 to amend the FY 2012-2013 Adopted Budget as indicated in Exhibit A.

SOUTH ORANGE COUNTY COMMUNITY COLLEGE DISTRICT

GENERAL FUND

RESOLUTION 13-09

March 18, 2013

WHEREAS, the Governing Board of the South Orange County Community College District has determined that income in the amount of \$113,055 is assured to said District in excess of the amounts required to finance the total proposed budget expenditures and transfers for the current fiscal year from sources listed in Title 5 of the California Code of Regulations, Section 58308;

WHEREAS, the Governing Board of the South Orange County Community College District can show just cause for the expenditure of such funds;

NOW, THEREFORE, BE IT RESOLVED that, pursuant to Title 5 of the California Code of Regulations, Section 58308, such excess funds are to be appropriated according to the following schedule:

General Fund

<u>Account</u>	<u>Income Source</u>	<u>Amount</u>

RE: SOCCCD: Gifts to the District and Foundations
ACTION: Approval

BACKGROUND

Pursuant to the California Education Code Section 72241 and Board Policy 3300, the Board of Trustees “receives and administers gifts to the District.” The division/school or office within the college receiving the donated item reviews all gifts.

STATUS

The gifts listed on EXHIBIT A have been reviewed by the appropriate district and college officials and have been determined to be of benefit to the receiving location.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees accept the donation(s) to the District and/or the Foundations listed on EXHIBIT A and further direct that its appreciation be appropriately conveyed to the donor(s).

RE: SOCCCD: Transfer of Budget Appropriations
ACTION: Ratify

BACKGROUND

Title 5, California Code of Regulations, Section 58199 requires the Board of Trustees to approve, by a two-thirds (2/3) vote of its members, all transfers of funds from its contingency reserve to any expenditure classification, and ratify, by a majority vote, all transfers of funds between expenditure classifications other than that originating from the Contingency Reserve.

STATUS

For the current reporting period ending February 28, 2013, and in accordance with Administrative Regulation 3101, the Transfer of Budget Appropriations are summarized on EXHIBIT A and presented for ratification.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees ratify the Transfer of Budget Appropriations as detailed in EXHIBIT A.

RE: SOCCCD: Five Year Construction Plan

ACTION: Approval

BACKGROUND

Each year the District is required to submit a Five Year Construction Plan to the State Chancellor's office. This plan identifies project priorities for no less than the next five years. The District and Colleges review and, if appropriate, modify the plan as part of this annual submission. The Capital Improvement Committee utilizes the Five Year Construction Plan as a basis for capital improvement prioritization requests for basic aid recommendations to Basic Aid Allocation Recommendation Committee (BAARC).

Concurrent with the Five Year Construction Plan, the District also submits Initial and Final Project Proposals (IPP and FPP) for state funding considerations. State funds result from state bond measures. The last state bond was approved in 2006. Given the next bond opportunity is in 2014, the State Chancellor's Office prefers that previously submitted IPPs and FPPs be carried forward.

STATUS

The proposed order of priorities is found in EXHIBIT A. The Five Year Construction Plan has been reviewed through a participatory governance process and is recommended for approval by the District and the Colleges.

SOCCCD will request the FPP for Saddleback's Gateway Building carry forward. The FPP for IVC's Fine Arts Building is no longer eligible to carry forward due to a revised projected enrollment model. Staff will work with IVC to develop a future FPP submittal. Both IPPs will carry forward and include IVC's A-200 Renovation Success Center and Saddleback's Student Services Renovation.

RECOMMENDATION

The Chancellor recommends that the Board of Trustees approve the Five Year Construction Plan (Exhibit A).

RE: SOCCCD: CCCT Board of Directors Election - 2013

ACTION: Approval

BACKGROUND

The California Community College Trustees Association was conceived with the idea that all community college trustees in California, joined together in one organization, could successfully work to preserve and improve California's quality, community based, locally governed colleges. The CCCT Board of Directors consists of twenty-one members elected as directors by the membership, all elected officers of the association, and a non-voting Student Trustee Director.

STATUS

The election of members of the CCCT Board of Directors for 2013 will take place between March 10 and April 25. The seven individuals receiving the most votes will serve three-year terms. The memorandum from CCCT and the ballot listing trustees who have been nominated for election to the board are included as exhibits. Each CCCT member community college district board has one vote for each of the seven vacancies on the CCCT Board of Directors. The seven candidates receiving the highest number of votes by the South Orange County Community College District Board of Trustees will be listed on the official ballot and transmitted to the league office by the April 25 deadline.

RECOMMENDATION

The Chancellor recommends that each board member read at the board meeting his or her list of nominees for the seven vacancies on the CCCT Board of Directors for subsequent tallying and transmittal to the League Office by the April 25 deadline.

Item Submitted by: Gary L. Poertner, Chancellor

COMMUNITY COLLEGE LEAGUE
OF CALIFORNIA

DATE: February 28, 2013
TO: California Community College Trustees
California Community College District Chancellors/Superintendents
FROM: Judy Centlivre, Executive Assistant
SUBJECT: CCCT BOARD ELECTION — 2013

Pursuant to the CCCT Board Governing Policies, the election of members of the CCCT board of the League will take place between March 10 and April 25. This year there are seven, three-year vacancies on the board.

Each member community college district board of the League shall have one vote for each of the seven vacancies on the CCCT board. Only one vote may be cast for any nominee or write-in candidate. The seven candidates who receive the most votes will serve three-year terms. In the event of a tie vote for the last position to be filled, the CCCT board will vote to break the tie. While districts may nominate more than one trustee, only one may be elected to the board. The candidate from such district with the highest number of votes will be seated, and additional candidates will be seated based on vote order.

The fifteen trustees who have been nominated for election to the board are listed on the enclosed sheet in the Secretary of State's random drawing order. An official ballot for the election is also enclosed in this mailing to each community college district chancellor/superintendent, as well as copies of the statement of candidacy and biographic sketch form of each of the twelve candidates.

Please remember that: *1) ballots must be signed by the board secretary and board president or vice-president; and 2) ballot return envelopes must have no identifying information or signatures.* Official ballots must be signed and returned to the League office, **postmarked no later than April 25.** Faxed ballots will **not** be accepted. The ballots will be opened and counted by three tellers appointed by the CCCT President and the results announced at the CCCT Annual Conference, May 3-5 in Lake Tahoe.

If you have any questions on the CCCT board election, please call the League office at (916) 444-8641.

STATEMENT OF CANDIDACY

Must be returned to the League office **postmarked no later than February 15, 2013** along with the nominating ballot and biographic sketch form. **Faxed material will not be accepted.**

CANDIDATE'S NAME: Dianne Badoud McKay DATE: February 14, 2013

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

CCCT should concentrate on implementation and policy decisions from the Student Success Task Force and continue to evaluate the priorities of the mission of community colleges as it relates to the budget decisions in our state. The board should advocate to keep policy decisions out of the state budget process.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

As a relatively new trustee, I have participated in a new chancellor search and serious accreditation issues (moving back to full affirmation for all colleges in our district). My long history with both business finance and K-12 will be valuable as we work together for the success of California students.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

-Restore access that was lost during the economic downturn to meet student demand.

-Improve the success rates of our students.

-Help meet the need for college degrees that will be necessary for a robust economy.

-Assist students to accomplish their educational goals in a timely manner by streamlining processes.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

I am committed to collaboration, which I see as a continual process for getting people to compete and cooperate simultaneously rather than doing one at the expense of the other. I think ideas, policies, and resources are part of the collaborative effort to assign priorities and work on worthwhile issues.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

- Implement SSTF initiatives (transform ourselves, or be transformed), to protect our core mission of student success: college transfer, career/technical ed, and basic skills (close the opportunity gap)
- Foster additional funding sources, particularly untapped potential in foundation giving, so our colleges remain fiscally sound and affordable for all

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

I am a pragmatic optimist, who works collaboratively with others to understand issues and craft solutions. My deep gratitude for the opportunities afforded me by community colleges makes me an effective advocate and cheerleader for our CC system to legislators, business, and community leaders.

CANDIDATE'S NAME: Isabel Barrerass DATE: February 6, 2013

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

Implementation of recent legislation as it relates to student success, as well as redefining our priorities as a system in terms of how we address completion vs. access. Evaluating our mission will be an issue as we are continually asked to do more as a system, i.e., adult education.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

My experience as the current president of the CCCT Board and chair of the CCCLeague Board gives me a statewide perspective of the myriad of issues facing our system. I am an effective advocate for not only the students we represent, but for the colleges and centers within the League.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

I believe the League needs to advocate for fiscal and legislative support of our
community college districts. The CCCT Board should take a lead in supporting the
implementation of the recommendations of the Student Success Task Force. We
also need to provide professional growth opportunities for our fellow trustees.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

My experience in a variety of educational communities in Northern California gives me
a unique perspective to offer the current board. As a former K-12 district superintendent
I have experience in reviewing legislation and alternative funding models. I have served
rural communities with unique social, economic, and diversity needs.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? (50 words or less; any portion of the statement beyond this limit will not be included.)

Three major areas: 1) working with the Chancellor and Legislature to operationalize SB 1456 in a manner that will avoid the most serious pitfalls; 2) helping community colleges adjust to the coming structural changes in the funding mechanism; and 3) educating Trustees about their roles, best practices and coming changes.

What do you feel you can contribute in these areas? (50 words or less; any portion of the statement beyond this limit will not be included.)

Having worked on higher education issues for 30 years now, I have deep concerns about much of the transformational legislation aimed at us, and am willing to work to see them addressed. I am also familiar with CSBA's Masters in Governance program, and believe CCLC could learn much from it.

The most pressing issue for all of us to address is establish
a funding mechanism in California that will provide adequate
funding to community colleges now and in the future. Second,
we must provide career technical coursework to help veterans
and unemployed workers be trained for jobs of the future.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

I have worked diligently to promote community colleges. I have
worked with the league in lobbying efforts and pursuing
innovative finance ideas. I have attended league workshops

Since being elected I have worked diligently to find answers
to the critical issues facing colleges today. I have looked
at the issues of partnerships in meeting our funding needs,
looked at local parcel taxes as a temporary fix for meeting
local needs, and lobbied for continuation of Cal Grants
since I represent the poorest and most unemployed County in
California.

Re: Letter of recommendation for Linda S. Wah
Trustee, Pasadena Area Community College District

To Whom It May Concern:

We are writing in support of our nomination of Linda S. Wah to the CCCT Board. She has been an outstanding trustee of the Pasadena Area Community College District since she joined the Board in 2010 and has the vision, knowledge and skill to be an effective member of the CCCT Board.

In addition to her position as a trustee on the Board of the Pasadena Area Community College District, Linda has held a significant number of leadership roles in community and educational organizations. Linda understands both educational systems and their needed business processes and the importance of the educational role of community colleges and the significant benefits provided to the community. She has greatly assisted in moving students, programs, and departments in a positive direction.

Linda has well represented Area 5 of our district and has made meaningful contributions to the work of our Board in general.

We strongly recommend her nomination as a CCCT Board member.

Sincerely yours,

Board of Trustees / *President*

January 18, 2013

Dear CCCT Member,

I am writing to express my strong support for Linda S. Wah for CCCT Board of Directors.

I know Linda Wah very well. I respect and trust her, and through her membership on the Board of the Pasadena Area Community College District and the Executive Board of the Los Angeles County Schools Trustees Association (LACSTA), I have seen first-hand how effective she is at advocating for and strengthening the relationships between community college trustees and K-12 boards.

Linda has also been instrumental in finding Workforce Development partners to enable Pasadena City College students to combine their academic studies with valuable work experience. This effort will integrate well with the Small Business Development Center hub coming soon to PCC.

I share your commitment to California's community colleges. I have a history of close involvement with PCC and Glendale Community College and I have worked with and admired many dedicated college trustees. In my work in the legislature, I have also come to know many of you through our mutual efforts to support California's community college system.

We all know how challenging the last few years have been. The budget for community colleges has suffered tremendously. You can rest assured that I will stand shoulder to shoulder with you in fighting for higher education. As Chair of the Senate Committee on Education and as a former teacher and school administrator, that will continue to be my highest priority.

Knowing Linda as I do, I know that she will also throw her full energy into that fight. In this time of crisis and recovery, CCCT could not have a stronger, more effective voice devoted to its mission than Linda S. Wah.

Many thanks for your consideration.

Sincerely,

RE: REFERENCE LETTER FOR LINDA S. WAH

Ladies and Gentlemen:

It is my immense pleasure to recommend Linda S. Wah for the California Community College Trustees Board of Directors. I was introduced to Linda, as a newly appointed director to the Los Angeles County School Trustees Association (LACSTA), where she represents the shared interests of community colleges within the voluminous County of Los Angeles.

Many mutual friends and professional associates continually believe Linda to be amiable, disciplined and politically astute. In fact, Linda was so dedicated to assuring that community colleges had a voice on matters of vocational technical education and funding, she lead the establishment of LACSTA's first community college caucus.

During my time of knowing Linda, I was elected to serve as president of LACSTA. With much humility, I credit Linda entirely for working arduously for my victory.

While some people can be described as a "field soldier," the best way to describe Linda is a "tactician." In spite of Linda's formidable talents, she is a modest and an approachable person, who loves to share her knowledge with others.

Again, it is with great confidence that I enthusiastically support Linda and her desire to serve the membership of the California Community College League.

Sincerely,

A handwritten signature in black ink, appearing to read "Micah Ali".

ASPCCC RESOLUTION NO. 15
A RESOLUTION TO ENDORSE LINDA WAH TO THE CALIFORNIA
COMMUNITY COLLEGE TRUSTEES (CCCT) BOARD.

WHEREAS, Linda Wah currently serves as the trustee for Area Five of the Pasadena Area Community College District (PACCD);

WHEREAS, Linda Wah has served the student, staff, and public community of PACCD with consistent integrity and honesty, putting the needs of students at the forefront of her policy-making work at PCC;

WHEREAS, we recognize the important and sizable contribution Linda Wah has made to the women's community of PCC and Pasadena through her work with the PCC Feminist Club of ASPCC, as well as through the National Women's Organization and the National Women's Political Caucus;

WHEREAS, the Associated Students of Pasadena City College believes that Linda Wah can make considerable, beneficial contributions on a larger scale through involvement in community college activities statewide;

THEREFORE BE IT RESOLVED that the Associated Students of Pasadena City College fully endorse Linda Wah for a position with the California Community College Trustees Board.

EDWIN "ED" CHAU

For California State Assembly 2012

January 07, 2013

Dear CCCT Members:

I am endorsing Linda S Wah for the CCCT Board of Directors.

Linda has worked closely with the K-12 Boards in the Pasadena Area Community College District and is currently an Executive Board Member on the Los Angeles County Schools Trustees Association (LACSTA).

As a former school board member, education is also a priority for me, as I know it is for Linda. I know she contributes positively to the mission of LACSTA in bringing a closer working relationship between K-12 trustees and community college trustees.

With the soon to be established hub for the Small Business Development Center at the Pasadena City College site, Linda has worked with the business organizations in the community to help make them a Workforce Development partner to the college, helping our students gain valuable work experience in conjunction with their academic studies.

I strongly support Linda S Wah for the Board of Director position for CCCT. I look forward to working with CCCT and supporting their objectives of higher education, and I know Linda will be a strong advocate for the mission of the CCCT and preservation of access to higher education for our communities.

Thank you for your consideration in this matter.

Sincerely,

Edwin "Ed" Chau

TO: Board of Trustees
FROM: Gary L. Poertner, Chancellor
RE: SOCCCD: Basic Aid Report
ACTION: Information

BACKGROUND

The Board of Trustees has requested regular information reports about projected basic aid receipts and approved projects.

STATUS

The District annually reviews Basic Aid projects to close completed projects and return unused funds. These projects are displayed in EXHIBIT A showing a total transfer of \$19.8M to unallocated Basic Aid.

The actual Basic Aid receipts since the District returned to Basic Aid status in FY 1999-2000, as well as the projects that the Board of Trustees has approved for funding with Basic Aid Funds are shown in EXHIBIT B.

As of February 28, 2013, Total Basic Aid Estimated Receipts of \$472.7M less Total Approved Projects in the amount of \$435.2M leaves a \$37.5M balance for uncommitted Basic Aid Funds which includes approximately \$16M to be committed to OPEB retiree medical liability.

It should be noted that some of the approved projects are for state funded project match. Although approved, these funds will not be needed until the projects are approved by the State for funding.

There was a change of \$19.8M for the Basic Aid allocation from the February, 2013 Board report.

RE: SOCCCD: Facilities Plan Status Report
ACTION: Information

BACKGROUND

On August 30, 2004, the Board of Trustees received a list of projects under consideration for local funding and a report on the status of each project. The Board requested to be kept informed about these and other facilities projects.

STATUS

EXHIBIT A provides an up-to-date report on the status of current construction projects.

FACILITIES PLAN STATUS REPORT
March 18, 2013

SADDLEBACK COLLEGE

1. LIBRARY AND LEARNING RESOURCE REMODEL

	Original	Revision	Total
Project Budget:	\$21,124,000	\$1,690,000	\$22,814,000
State Match:	\$16,139,000	(\$466,000)	\$15,673,000
Basic Aid Allocation:	\$4,985,000	\$2,156,000	\$7,141,000

Budget Narrative: Budget reflects Board agenda action on 10/24/04 and 6/22/09. The state approved 2011-2012 planning budget totaled \$21,124,000. A lower-than-estimated bid was received and the state reduced their match to \$15,673,000. The Board reallocated a portion of the state's short fall using basic aid funding for a funded total of \$22,814,000. The state has reimbursed their match equal to \$13,673,000 and this amount was returned to the basic aid account. Equipment reimbursement of \$2,000,000 is pending from the state.

Contractor delays result in extended costs for inspections, labor compliance, and project management cost. Staff will seek reimbursement during settlement discussions with the contractor.

Status: The contractor completed seventeen months behind schedule. Contractor payment withholdings include stop notices filed by subcontractors and material suppliers. Claim issues have been combined and a Judge has been assigned.

In Progress: Project punch list, building systems commissioning with M&O, close out documents and warranties submittals, DSA close out. A DLSE hearing was held with all parties on December 19, 2012, and an agreement is nearly finalized. Landscape maintenance period is underway at quad area.

Recently Completed: The demolition and removal of the CC Building is complete. The Division of Labor Standards Enforcement (DLSE) negotiation is complete. Warranty repair for flooring delamination at the third floor is complete. *The flooring warranty repair at the third floor has failed and has been rejected by the architect of record. There is a plan in place for the contractor to remove all flooring materials at the third floor and replace with new. This replacement is scheduled for May of this year.*

Focus: Complete final punch list. Legal issues and close out of outstanding change orders. Warranty repair for flooring delamination at the third floor is scheduled for *secondary repair May, 2013.*

Project Start: October 2004	Scheduled Finish: January 2012
Projected Finish: September 2012	DSA Close Out: Pending

2. SCIENCES BUILDING

	Original	Revision	Total
Project Budget:	\$52,234,000	\$6,816,000	\$59,050,000
State Match:	\$36,564,000	(\$36,564,000)	-
Basic Aid Allocation:	\$3,867,000	\$54,968,000	\$58,835,000
Unassigned:	\$11,803,000	(\$11,588,000)	\$215,000

Budget Narrative: Budget reflects Board agenda action on 8/26/08, 10/27/08, 4/27/09, 6/22/09, 5/24/10, 2/28/2011 and 8/24/2012. On February 28, 2011, the Board reassigned \$14,789,346 from other Saddleback College projects and applied \$29,000,000 from basic aid dollars to partially fund the Sciences building after three years running with no state funding. On August 27, 2012, the Board approved \$11,179,000 to fund the remainder of the project budget. In August, the state chancellor’s office has escalated the project budget to \$59,050,000 resulting in the unassigned amount of \$215,000.

Status: Cost reduction efforts have brought the project estimate back into alignment with the project construction budget. *Board approved Resolution to move forward with Validation Action and the Lease, Sublease and Construction Services Agreement contract documents as to form approved.*

In Progress: *Proceeding into Validation Action and continuing constructability reviews. Sub-trades prequalification documents were received by the contractor on March 4th and are under review.*

Recently Completed: The architect met with the Division of the State Architect (DSA) for a preliminary structural review of the plan set on February 12, 2013 and a preliminary access compliance meeting took place the week of February 18th.

Focus: Staff, consultants and contractors are continuing efforts on constructability reviews *and finalization of the DSA plan set for resubmittal.* Parallel with Validation, the contractor will bid sub-trades with the objective of finalizing the GMP and providing executed agreements back to the Board for final approval.

Project Start: March 2011	Scheduled Finish: October 2014
Projected Finish: October 2014	DSA Close Out: Pending

3. SECONDARY EFFECTS - LOOP ROAD

	Original	Revision	Total
Project Budget:	\$11,697,00	(\$2,699,417)	\$8,997,583
State Match:	-	-	-
Basic Aid Allocation:	\$3,442,000	-	\$3,442,000

Unassigned:	\$8,255,000	(\$2,699,417)	\$5,555,583
-------------	-------------	---------------	-------------

Budget Narrative: Budget reflects Board agenda action on 3/24/08. During the discovery phase and further defined through the Education and Facilities Master Plan (EFMP) process, the architect determined the budget estimate to be \$8,997,583. Environmental impacts could increase the project estimate.

Status: The College has requested the Loop Road relocation *project* be *modified* with the project's secondary effects *taking priority*: Site-work (relocation of the practice fields) and infrastructure (storm drain improvements) increased to include relocation of parking which will be lost as a result of locating the New Sciences Building in parking lot 5 and locating the TAS Swing Space (Auto-tech program) in parking lot 1. This request has been fully vetted at the College level and will be reflected in the upcoming submittal of the Five Year plan. Environmental impacts are expected to be influential in budget and schedule planning.

In Progress: Priority order and funding for secondary effects are under consideration by the Capital Improvement Committee.

Recently Completed: The focus on the Loop Road project is directed toward secondary effects.

Focus: District and College staff and administration identified the secondary effects for the Loop Road project, relocation of practice fields, storm drainage improvements, *and parking lot replacement* as a high priority.

Project Start: Phase I-Feb 2010	Scheduled Finish: On Hold
Projected Finish: On Hold	DSA Close Out: On Hold

4. TECHNOLOGY AND APPLIED SCIENCE (TAS) RENOVATION PROJECT

	Original	Revision	Total
Project Budget:	\$8,755,055	\$5,977,945	\$14,733,000
State Match:	-	-	-
Basic Aid Allocation:	\$1,956,000	\$12,777,000	\$14,733,000

Budget Narrative: Budget reflects Board agenda action on 2/28/11 and 8/27/2012. The original basic aid assignment of \$1,956,000 met design costs. The scope was revised to include both the North and South wing with a new budget estimated at \$14,733,000. On August 27, 2012, the Board approved \$12,777,000 to fully fund the project budget.

Status: The Design Development phase is underway. (Note: Design phases: Programming, Schematic, Design Development, Construction Documents, DSA Submittal)

In Progress: The architect and District are working with the user groups to further define user needs in support of educational delivery.

Recently Completed: A supplemental geotechnical investigation at North Wing is completed. Surveying and utilities location mapping is completed.

Focus: Design Development with end user participation.

Project Start: September 2011	Scheduled Finish: March 2015
Projected Finish: March 2015	DSA Close Out: Pending

5. TECHNOLOGY AND APPLIED SCIENCE (TAS) SWING SPACE PROJECT

Project Budget:	\$5,807,000		\$5,807,000
State Match:	-	-	-
Basic Aid Allocation:	\$5,807,000		\$5,807,000

Budget Narrative: Budget reflects Board agenda action on 8/27/2012. On August 27, 2012, the Board approved \$5,807,000 to fund the original project budget.

Status: Schematic Design review is complete.

In Progress: Two design meetings were held in January with end users. *The Capital Improvement Committee is considering additional Funding recommendation.*

Recently Completed: *The Dean, V.P.I., M&O, District representative and consultant team reviewed programming space and equipment requirements in an effort to reduce project costs. The results demonstrate that instructional program needs require all elements of the current design.*

Focus: *Team is moving into design development using full project scope of Schematic Design.*

Project Start: May 2012	Scheduled Finish: December 2014
Projected Finish: December 2014	DSA Close Out: Pending

IRVINE VALLEY COLLEGE

1. PERFORMING ARTS CENTER AND PARKING LOT 5 EXTENSION

	Original	Revision	Total
Project Budget:	\$16,304,000	\$17,309,000	\$33,613,000
State Match:	\$14,472,000	-	\$14,472,000
Basic Aid Allocation:	\$1,832,000	\$17,309,000	\$19,141,000

Budget Narrative: Budget reflects Board agenda action on 4/30/2001, 10/28/2002, 1/20/2004, 2/23/2004, 12/13/2004, and 1/31/2006. Budget also reflects reporting as shown on State Chancellor’s Office FUSION report fiscal year 03-04 and 07-08.

Status: Construction complete and occupied. DSA Close Out underway. The final Notice of Completion was filed on September 24, 2007.

In Progress: There were 69 change orders requiring DSA approval. Approximately 17 remain in “Pending” status and must be closed to arrive at DSA close out.

Recently Completed:

Focus: Change order close-out. DSA Close-Out Consultant is engaged to work with the architect to complete this effort.

Project Start: October 2003	Scheduled Finish:
Finish: Complete: July 2007	DSA Close Out: Underway

2. B-200 SCIENCE LAB ANNEX AND B-239 REMODEL

	Original	Revision	Total
Project Budget:	\$4,120,000	\$2,860,000	\$6,980,000
State Match:	-	-	-
Basic Aid Allocation:	\$4,120,000	\$2,860,000	\$6,980,000

Budget Narrative: Budget reflects Board actions on 6/26/06 and 9/22/08.

Status: Construction complete and occupied. DSA close out underway.

In Progress: *Staff has forwarded final close out documents and fees to DSA.*

Recently Completed: The Notice of Completion was filed on July 8, 2010. Three remaining change orders have been approved.

Focus: DSA Close Out

Project Start: July 2006	Scheduled Finish: December 2009
Finish: May 2010	DSA Close Out: Underway

3. LIFE SCIENCES PROJECT

	Original	Revisions	Total
Project Budget:	\$24,861,000	(\$4,371,000)	\$20,490,000
State Match:	\$17,393,000	(\$3,825,000)	\$13,568,000
Basic Aid Allocation:	\$1,113,000	\$16,297,000	\$17,410,000

Budget Narrative: Budget reflects Board agenda action on 6/22/2004, 5/23/2005, 3/24/2008, 4/27/2009, and 5/24/2010. The original budget totaled \$24,861,000. The budget was reduced to \$20,490,000 when a lower-than-estimated bid was received and the state reduced their match to \$13,568,000. The Board reallocated a portion of the state's short fall using basic aid funding for a funded total of \$17,410,000. The state has reimbursed the district \$8,733,153 resulting in no need for additional basic aid funding. A portion of the state's contribution for construction funding and all equipment funding reimbursement is pending.

Status: *After Surety takeover, the new completion date is anticipated as July 31, 2013. Construction is greater than 65% complete.*

In Progress: *Staff has requested release of equipment funds from the State Chancellor's office. Staff and end users are developing furniture, fixture and equipment lists. Finalizing coordination and contract with Irvine Ranch Water District for Non-Potable water to toilets. Exterior finishes include *finishes to weather proofing*, lathe and plaster installation, and *IPE Wood detail*. Interior installation focuses on first and second floor HVAC, drywall, insulation and ceramic tile.*

Recently Completed: *Formwork, rebar and concrete for raised landscaping area and insulation.*

Focus: Correction work continues. Negotiations between Surety and District to resolve added costs of schedule delay and minimize project impacts. *Weatherproofing the building.*

Project Start: December 2008	Scheduled Finish: July 2012
Projected Finish: July 31, 2013	DSA Close Out: Pending

4. FINE ARTS BUILDING

	Original	Revision	Total
Project Budget:	\$31,451,000	\$3,541,000	\$34,992,000
Anticipated State Match:	\$28,305,000	(\$3,715,000)	\$24,590,000
Basic Aid Allocation:	\$3,200,000	\$5,697,115	\$8,897,115
Unallocated:	(\$54,000)	1,558,885	\$1,504,885

Budget Narrative: Budget reflects reporting as shown on State Chancellor’s Office FUSION report planning year 2014-15. Budget reflects Board agenda action on 3/24/2008 and 4/27/2009. On August 27, 2012, the Board approved an additional \$1,545,115 to fund the revised project budget.

Status: The District submitted a Final Project Proposal (*FPP*) to the State Chancellor’s Office on June 30, 2008. Funding was pushed back first to December, 2009, and again to September, 2010. The District re-submitted once more with a shift of funding to the 2013-2014 fiscal year. The State Chancellor’s office has recently adopted a new method for projecting enrollments with the expectation that projections will better align with actual enrollments. With this measure, the IVC Fine Arts project *currently does not* qualify for FPP approved status. If it is not funded in this fiscal year, it will not be eligible in the following *FPP submittal* for funding consideration.

In Progress: *State Chancellor’s office will take steps toward submittal to the Legislative Analyst Office, though no funding source has been available since 2007.*

Recently Completed: *The College has determined their priority order for this and other projects as demonstrated in this month’s agenda for the five year plan.*

Focus: Determine best approach to obtaining FPP approval for IVC.

Project Start: On Hold	Scheduled Finish: On Hold
Projected Finish: On Hold	DSA Close Out: Pending

5. BARRANCA ENTRANCE

	Original	Revision	Total
Project Budget:	\$2,850,000	-	\$2,850,000
Anticipated State Match:	-	-	-
Basic Aid Allocation:	\$2,850,000	-	\$2,850,000

Budget Narrative: Budget reflects Board agenda action on 4/27/2009. The current basic aid assignment of \$2,850,000 is considered sufficient to meet project costs.

Status: Plan coordination issues with the City of Irvine 98% complete. A phone conference between the District and the City of Irvine was held.

In Progress: *Like all other similar uses for City property, the City has indicated there will be a use fee for the City property. The amount of that fee is dependent upon the value and size of the property. The size has been determined and a District appraisal will be forthcoming in the near future. The College will maintain the landscape improvements. The City will forward a maintenance agreement for District review which will identify responsibilities for landscape improvements.*

Recently Completed: Division of the State Architect complete with accessibility review.

Focus: Finalize usage fee and maintenance agreement with City of Irvine.

Project Start: March 2010	Scheduled Finish: Summer/Fall 2013
Projected Finish: Summer/Fall 2013	DSA Close Out: Pending

6. A400 RENOVATION AND EXPANSION PROJECT

	Original	Revision	Total
Project Budget:	\$3,004,051	\$8,458,949	\$11,463,000
Anticipated State Match:	-	-	-
Basic Aid Allocation:	\$1,000,000	\$10,463,000	\$11,463,000

Budget Narrative: Budget reflects Board agenda action on 2/28/2011 and 8/27/2012. On August 27, 2012, the Board approved \$10,463,000 additional to fund the project budget. Staff analyzed the budget identified in the Education and Facilities Master Plan and determined there was no allowance for equipment. Staff will recommend an increase in the project budget to address the furniture, fixture and equipment expenditure during the 2012-2013 Basic Aid Allocation review process.

Status: The Design Build contract was approved at the January Board meeting and design is underway. *The Design/Builder provided three options for moving forward including the chosen option to demolish the existing structure and re-build all 24,000 gross square feet using a two story configuration.*

In Progress: Design meetings are scheduled from January to mid-May

Recently Completed: *The two story configuration is under design with floor plan layout reviewed on February 22 and March 1st and 8th.*

Focus: Proceed through Design. Each design meeting will build on decisions that are resolved during the previous session.

Project Start: December 2012	Scheduled Finish: May 2016
Projected Finish: May 2016	DSA Close Out: Pending

Budget Narrative: Budget reflects Board action on 6/25/2012.

Status: Consultants are continuing to move forward with the project. Submittal of reports is two weeks behind schedule to ensure quality submittal.

In Progress: *Saddleback College report is received and under review. Review process is likely to result in back and forth comments until report reflects desired content. IVC awaiting report.*

Recently Completed: Condition Assessments for IVC and Saddleback Student Services complete entire assessment.

Focus: District and College staff will review and edit format and content for consistency with needed information.

Project Start: July 2012	Scheduled Finish: June 2013
Projected Finish: June 2013	DSA Close Out: N/A

Project updates for active projects may be viewed at:
<http://socccd.edu/businessservices/ProjectUpdates.html>.

Definitions:

- Project Start: Month Architect/Consultant(s) are brought on board for design/project
- Scheduled Finish: Assumed duration of project depending on variables, such as agency review, etc. that are outside of the control of District and consultants
- Projected Finish: Identified finish at the time of the report
- DSA Close Out: The process of sending required documents to DSA to obtain project certification. Level of project complication dictates timeframe for completing this scope of work.

Note: Project budgets reflect the allocated state match as reported in FUSION for the planning year 2014-2015. (FUSION is the State Chancellor’s Office database for Capital Outlay.)

The “Revisions” column for the State Match category includes changes due to escalation and changes that may have occurred to the state’s percentage (i.e. going from an 80% match down to a 70% match and so on as the economy changes) from the original project approvals to current date. The “Revisions” column for the Basic Aid Allocation will show a total variation to date taking into account both increased and decreased basic aid allocations.

The Unassigned category identifies an underfunded budget.

The Budget Narrative paragraph for each project discusses the history of change to all category amounts over the life of the project.

RE: SOCCCD: Monthly Financial Status Report

ACTION: Information

BACKGROUND

Monthly General Fund financial reports (EXHIBIT A) for the two colleges and the District are provided to the Board of Trustees to keep members regularly informed of current information and provide an alert to any significant changes in the projected year ending balance.

STATUS

The reports display the adopted budget, revised budget and transactions through February 28, 2013 (Exhibit A). A review of current revenues and expenditures for FY 2012-2013 show they are in line with the budget and consistent with prior year trends.

BACKGROUND

In April 2008 the SOCCCD Board of Trustees authorized the establishment of an irrevocable trust to comply with GASB No. 43 (Financial Reporting for Postemployment Benefit Plans Other Than Pensions) and GASB No. 45 (Accounting and Financial Reporting by Employers for Postemployment Benefits other than Pensions). The trust was established with the Benefit Trust Company and is administered through the Futuris Public Entity Trust Program. It was funded in June, 2008 with a deposit of \$50,791,103. An additional deposit of \$4,618,708 was made on January 10, 2011 for a total of \$55,409,811.

STATUS

This report is for the period ending February 28, 2013 (Exhibit A). The portfolio is comprised of 51.4% Fixed Funds (Bonds) and 48.6% Common Stocks (Domestic and International). The fair market value at February 28, 2013 is \$70,937,479. Since inception, the trust has earned a 5.73% annualized return, which is down .12% from the prior month. The annualized return is consistent with the market.

RE: Saddleback College, Irvine Valley College: Board Report
Business Partnerships

ACTION: Information

BACKGROUND

At the January 28, 2013 board meeting, Trustee Tim Jemal requested a report on the status of current partnerships between Saddleback College, Irvine Valley College and the business community.

STATUS

Saddleback College and Irvine Valley College prepared written reports on the status of current partnerships between Saddleback College, Irvine Valley College and the business community. These reports are presented in Exhibits A and B.

Business Partnerships with Saddleback College

Saddleback College is pleased to submit our response to the Board of Trustees' January 2013 request for a report on the status of current partnerships between the colleges (including ATEP) and the business community. First, we will describe the current process at Saddleback College to reach out to the employer community in order to establish partnerships relevant to the mission of the college. Next, we present a brief summary describing the nature of the various partnerships, roles, responsibilities, and activities of the parties, and any funding involved, including grants.

This report will conclude with a series of appendices that detail partner relationships between specific firms and the individual administrative and instructional units at Saddleback College, according to the partnership descriptions below. The appendices are presented in the form of Excel spreadsheets developed by the Division of Business Science and Economic & Workforce Development, with the cooperation of the other college units represented. Any further information can be obtained from the Office of the President or through the administrator or manager identified at the top of each spreadsheet.

No specific formula connects Saddleback College to its many resources in the employer sector. Each administrative and instructional unit has its own method of networking and cultivating partners in their respective business and industry sectors of focus. Many partnerships are sustained through valuable personal and professional relationships such as those between faculty and employers, faculty and alumni who have found permanent employment, faculty and administrators through professional and service organizations, or involvement in the Saddleback College Foundation. The Division of Business Science and Economic and Workforce Development has been designated as responsible for networking with and directing potential business and industry partners to the appropriate programs, using many of the modalities described in the sections below.

The great majority of Saddleback College's relationships with the employer sector are nurtured through its many Career Technical Education programs. Career Technical Education (CTE) programs offer a sequence of courses directly related to the high demand skills needed to gain employment in current or emerging occupations. Depending upon the program, students can earn a Saddleback College certificate or occupational skills award and be ready for an entry level position in less than one year and up to two years. Many programs accept credits earned at designated high schools or ROPs (Regional Occupational Programs). The linchpins to connecting these programs to the employer community are the Industry Advisory Boards that are described below.

Many CTE programs also offer credit for on-the-job training, which combines classroom education with planned, supervised work experience or internships. These internships are commonly known at the College as Cooperative Work Experience. Cooperative Work Experience (CWE) strengthens the relationship between the college and the business community. The interactions of student-instructor-employer provide valuable, current input

concerning labor market conditions and the implications for curriculum. Student success and a skilled work force benefit the College and the community at large.

Industry Advisory Boards

Industry Advisory Board members help to develop learning objectives with CTE faculty that promote student success as well as align instruction with essential knowledge, skills and abilities that will translate into successful work performance. Employers are provided with opportunities to communicate business and industry needs to the College, thus helping the respective CTE programs to remain current with industry standards. Members of the boards are chosen for their expertise and reputation in the field. CTE programs are mandated by California Educational Code to meet with their Industry Advisory Boards annually.

A secondary function of the Industry Advisory Boards is to support the annual review of CTE programs. California Education Code mandates that every vocational/occupational or CTE training program offered by a community college shall be reviewed every two years by the governing board of the district. This program review must ensure that the program meets a clear labor market demand, that it does not unnecessarily duplicate other training programs, and that it demonstrates effectiveness in program completion and employment placements. Many member businesses of Industry Advisory Boards extend career development opportunities to students through some of the other modalities of partnerships listed below, particularly instructional enrichment and Cooperative Work Experience internships.

An emerging trend in workforce development circles is the Regional Advisory Board. Typically, regional advisory boards are administered through collaborative partnerships with regional non-profit organizations such as CTEoc and VitalLink. They have created regional CTE advisory committees for high schools, Regional Occupational Programs, and community colleges. Regional Advisory Boards bring together groups of representative business and industry in recognized career clusters, and many community colleges. Saddleback College is very active in these Regional Advisory Boards, particularly in the fields of Allied Health, Engineering, Design, and Manufacturing, Business, Accounting and Information and Communication Technology, Media Arts and Technology, and Automotive Technology and Advanced Transportation.

Instructional Enrichment

Instructional enrichment partnerships provide current Saddleback College students opportunities for career exploration and planning both within and outside of the classroom. Typical instructional enrichment activities include:

- Job shadowing, whereby students are paired with current employees at the worksite for a short term.
- Guest speakers who are actual representatives of the employer sector.
- Field trips to local business and industry sites.
- Alumni mentorships.

These activities may occur in the classroom setting or during activities such as Career Fairs held each semester or the college's Human Resources Symposium. We also consider our Cooperative Work Experience program (CWE internships) important Instructional Enrichment partnerships. See separate section describing CWE.

State/Federal Grant Co/Sub-Grantee

Over the past two years, Saddleback College has enhanced its presence in the community by cultivating partnerships through appropriate collaborative activities that lead to stronger, more streamlined career pipelines for students. Many of these activities are supported by grant funding from the California Community College Chancellor's Office or as a combination of state and federal resources administered by the CCCCO. The identification of partners through a sub-grantee or co-grantee relationship is one method by which the criteria of the grant can be met, outcomes assessed, and accountability assured. Prominent examples of grant-funded activities at Saddleback College that utilize co- or sub-grantees that contribute to student success and potential career opportunities are outlined below.

The CTE Transitions Initiative at Saddleback College, funded under SB70/1070, is to strengthen California's workforce development efforts by linking the State's investment in economic development with its investment in public instruction and other significant public investments. Funds are used for projects that: bring together economic development initiatives and consortia composed of community colleges, high schools, and Regional Occupational Programs (ROPs); develop regional articulation councils to create seamless, non-redundant education and training in California that corresponds to economic demand; strengthen existing CTE sectors; establish career exploration programs for middle school and high school students; and meet critical professional development needs and capacity building needs.

The intent of Saddleback College's grant-funded Career Technical Education Community Collaborative Project is to provide resources to those programs that successfully demonstrate their ability to implement a project that encompasses the four program areas that are required components of the grant: Career Exploration Development for 7th & 8th Graders; alignment of student learning pathways to current Career Technical Education Sectors; Teacher and Faculty Externships in Business and Industry; and CTE Professional Development. Finally, the CTE Community Collaborative Project provides a foundation to support activities in Workforce Innovation Partnerships grants, such as those extended through the Orange County Workforce Investment Board (OCWIB).

Both the CTE Transitions and Collaborative Projects are administered through the Division of Business Science and Economic and Workforce Development. An example of these grants at work: In February 2013, Saddleback College partnered with VitalLink to present the "Entrepreneurship in Entertainment" series at the McKinney Theatre. Nearly 200 high school and Saddleback College students participated in performance activities and workshops designed to better prepare them for the challenges of becoming independent dancers, singers, actors, and artists in the entertainment sector – a priority economic sector for Orange County.

Finally, the Teacher Preparation Pipeline program allows students to discover if teaching might be a career for them. Students enrolled in the TPP gain valuable experience as a TPP Teachers Assistants working in a local high school or ROP classroom. TPP students also earn college credit toward their credentials as part of an articulation agreement with California State University, Fullerton.

Partners for all three examples above represent co- or sub-grantees such as the South Orange County Community College District, Irvine Valley College, Capistrano Unified School District, Saddleback Unified School District, Laguna Beach Unified School District, Irvine Unified

School District, Tustin Unified School District, Capistrano-Laguna ROP and Coastline ROP, CSU Fullerton, VitalLink, as well as the local business community.

Service Provider/Vendor

Service providers or vendors to Saddleback College are valuable economic development generators for our community. The college's nearly 30,000 students and its relevant support activities, such as art and cultural events, athletics, food services, bookstore, and Community Education, produce both local and regional revenue through these service providers and vendors. These partners also extend on-campus job opportunities for many students. Examples of local service providers and vendors at Saddleback College are: Pepsico, Follett Bookstores, Schools First Credit Union, and S&B Foods.

Financial or In-Kind Donor

Corporate donors to individual programs or through the Saddleback College Foundation have provided nearly \$300,000 annually to student scholarships. Financial and in-kind donations provide important resources and equipment necessary to support student success in all of our instructional programs. For example, Saddleback College could not have launched its Alternative Fuels maintenance program without the donation of hybrid vehicles from Hyundai and Kia.

Many of these donations also come in the form of sponsorships for events such as the "OC Start-Up Summit," the Saddleback College Foundation Gala, and athletic competitions. Regular and mutually beneficial contact with our donors often produces relationships whereby internships and other career opportunities can be extended to Saddleback College students.

One example of a dynamic and consistent donor partnership that has been nurtured over time is the one between the college's Automotive Technology Department and the Tuttle-Click Automotive Group. The Tuttle-Click Group, composed of Ford, Lincoln, Chrysler, Jeep, and Mazda dealerships, has donated \$50,000 annually to fund auto-tech scholarships. Additionally, they provide numerous CWE/Internship positions to Saddleback College students in the form of technicians, service writers, and customer service representatives. These CWE positions invariably turn into permanent, high wage jobs.

Cooperative Work Experience (Internship) Employers

Cooperative Work Experience (CWE) is a venture in which students, employers, and Saddleback College work together to provide relevant, quality education and valuable work-related experiences for participating students. The program name, Cooperative Work Experience, reflects its dependence upon employers and educators cooperating to form a richer and more complete educational program for the students. This unique plan of education combines classroom education with planned, supervised work experience and allows students to earn college credit for guided work experience. This combination of instructional modes gives students educational opportunities that lead directly to productive employment in the community. CWE employers offering internships are usually identified by students enrolled in specific CTE programs during their courses at Saddleback College. Those businesses are evaluated by supervising faculty for appropriateness to the student learning outcomes of that particular CTE program.

In other cases, CTE faculty may recommend employers based on their own relationships with business and industry in their respective sectors. In addition, employers may contact the Career Placement Officer in the Division of Business Science and Economic and Workforce Development for an evaluation of a potential internship opportunity and, eventually, posting on the "Gaucho Jobs" website, www.saddleback.edu/jobs.

CWE helps maintain a flow of trained personnel into the occupational field, reducing the cost of employee turnover by employing people who are on a career path. The CWE student develops work objectives with his or her supervisor that further the employer's goal and guide the employee's work performance. The employer is provided with the opportunity to communicate business and industry needs to the college, thus helping the college to remain current with industry standards.

Volunteer/Community Service

Volunteering and Community Service help Saddleback College students get experience in their areas of interest and meet people in the field. Volunteering gives students the opportunity to practice important skills used in the workplace, such as teamwork, communication, problem solving, project planning, task management, and organization. Many volunteering opportunities provide extensive occupational training for future permanent employment. Saddleback College's Cooperative Work Experience (CWE) program contains provisions for volunteer and community service opportunities to count as "unpaid internships" in specific CTE sectors, enabling students to earn college credit while bettering themselves and, ultimately, the community.

Membership

Membership in national professional organizations as well as local business and service organizations has proved crucial to Saddleback College's workforce development strategy. The business and industry contacts engaged by individual faculty and staff during regular attendance at conferences, meetings, open houses, and other functions have produced many of the other types of partnerships described in the sections above. Membership partners connected to the various college programs are listed in the appendices.

Saddleback College as an institution is active in the Orange County Business Council, the South Orange County Regional Economic Development Coalition, and with the Orange County Workforce Investment Board (OCWIB). Saddleback College maintains its status as an eligible training provider with the State of California Employment Development Department. Furthermore, Saddleback College is an active member of all of the local chambers of commerce.

Finally, in terms of assessing gainful employment, California Community Colleges have been struggling with collecting data on job placement and retention rates for students leaving and completing programs. Previously, colleges were able to match Social Security numbers of students with California Employment development data, but we no longer use Social Security numbers as student identifiers. Gainful employment measurement remains one of the most challenging, but important agenda items for post-secondary education nationwide.

Saddleback College has built significant partnerships with businesses and industries in support of Career technical Education and our Economic and Workforce Development mission. The teamwork and commitment of faculty and staff is essential to fostering the types of partnerships described above with the employer community – partnerships crucial to the student success agenda. Following are the appendices that present in spreadsheet form the lists of Saddleback College's current partners by type described above and organized by individual administrative and instructional units.

Business Partnerships with Irvine Valley College

Irvine Valley College has cultivated “sector partnerships” with government, economic development, education, and business organizations to support our educational programs leading to careers, albeit in an informal manner to date. There is not a prescribed policy or process around this endeavor and developing and managing partnerships has largely been left to the resources of the faculty members and administrators who work with Career and Technical Education (CTE) programs. An advisory committee handbook has been created to provide information to faculty on the functions and possible benefits from having strong committees, and some basic processes for making contact and reaching out to employers. Recent industry advisory meetings have included representatives from private companies, education partners, non-profit organizations, and government agencies.

In regard to processes, IVC’s most effective partnerships have occurred where a business owner initiates contact, as opposed to outreach from IVC to business. People who contact IVC are typically motivated to work with staff to achieve their interests, which we can easily map to our students’ or the College’s interests. Business and government partners attending industry advisory meetings are typically enthusiastic about the programs being offered and subsequently partner with faculty members in updating curriculum. Many have expressed a willingness to provide internships and/or hire graduates, provide company tours, serve as adjunct faculty and guest speakers, and donate equipment and supplies for student use. Recently, an attorney wandered onto campus looking for a place to request paralegal interns. Rather than direct him to the Job Placement Center, his contact information was collected and he was referred directly to the Paralegal instructor. Within a few weeks two IVC students were working for him, gaining work experience to build their resume and wages to help them financially.

IVC employees are encouraged to network and look for linkages with the College’s programs when they are out in the community, attending meetings or conferences, or participating in events. Business cards for employees enable them to exchange contact information when making these connections in the community, and a follow-up email noting common interests can make the contact more memorable.

While IVC has had a Career Center in the Student Services building for many years, its function has primarily been to assist students with resumes, job search, and interview skills; record and post requests for student help, internships, and employment; and conduct job fairs for local employers. Our Placement Center Coordinator recently retired and we have hired an interim employee who is already scheduling job site tours and a career fair. There is considerable dialog and planning underway to invigorate this function to meet the needs of our students and CTE program targets for placement of graduates. IVC is also in dialog with a job placement partner to help close the gap between IVC’s students and real jobs with area employers.

IVC's job placement website provides resources for students seeking jobs, and there is a proposed strategy to purchase software that would allow businesses to post positions with us and match them with students who have the skills to apply for them. Currently we have a link to Job Central, a Monster™ site specifically for college students at http://college.monster.com/?wt.mc_n=monstertrak. While this is a nationwide service, students can search for internships and jobs by geographic location as well as job skills, and there are a number of resources provided for students on the site. We have also contracted with the College Central Network, a service that provides entry level job listings specifically for new college graduates and connects IVC students with area partners to arrange internships and post jobs.

California Community Colleges have long struggled with collecting data on job placement and retention rates for students leaving and completing programs. At one time the State Chancellor's Office provided data based on a match of students Social Security numbers with California Employment Development Data, but we are no longer allowed to use Social Security numbers as student identifiers. This year IVC contracted with the statewide Research and Planning group to get placement data through the CTE Student Employment Outcomes Project. We are required to pay for this service and will get data on a large sample of last year's students, but this investment will help us determine whether students became employed within their field of study, if their IVC coursework positively affected their earning potential, and reasons students dropped out of CTE programs.

Irvine Valley College has active agreements with the three Workforce Investment Boards (WIBs) in Orange County – Anaheim, Santa Ana, and OC/Irvine –to provide education for individual clients of the WIBs. These clients are being served under the Workforce Investment Act as a result of having been dislocated from former employment or are currently underemployed and in need of skills upgrading. Each client approved for training funds selects a field of interest and, with the support of their WIB case manager, selects an appropriate training program. IVC has provided training under this program for 22 students since fall 2011; nineteen of those students successfully completed their program, earning certificates in various non-credit, not-for-credit, and credit CTE programs. Eight clients from the OCWIB, who also happened to be residents from the Village of Hope in Tustin, completed the new one-semester Administrative Assistant Certificate of Achievement last semester; five have already obtained full time employment at higher wages than they have earned in the past. To the best of our knowledge, we are the only California Community College contracting with the WIBs to provide training on an individual client basis.

In addition to serving individual WIB clients, IVC also partnered with the WIB on a cohort training program that provided workforce development courses to 2 cohorts of at-risk youth. These students were trained in computer numeric control (CNC) machining and 3D computer aided drafting (CAD) in a classroom/laboratory combination where students had the opportunity to use state-of-the-art machining equipment and software in the ATEP machine labs. The classes were taught by faculty and professional experts

from local industry. Twenty-two students completed this intensive program and all 22 were employed in manufacturing within weeks of training completion.

A faculty member in accounting and business, Don Bradshaw, observed that the most important way to develop relationships with the business community is through personal contact. Trade groups are an efficient means of achieving that goal. Dan belongs to The California Society of CPAs, The American Society for Quality, The Institute of Management Accountants (and also serves as a board member), and The Institute of Internal Auditors. All of these organizations meet at least once per month. He often persuades several students to attend each meeting to begin networking with professionals in the field. Professor Bradshaw often invites speakers he meets at these gatherings to speak to the IVC Accounting Society, and occasionally finds speakers through “cold calls”; speakers have sometimes been willing to provide students with a group tour of their business. This approach has been most successful with CPA firms and has resulted in multiple part time, full time and internship positions. Firms and individuals with whom Don has productive relationships include:

- White Nelson Diehl Evans LLP, who hired two graduates full time into their tax department. Two adjunct faculty members work at this firm and one of those is an IVC Foundation member who also participates in IVC Accounting Department advisory meetings. They have provided two office tours for IVC students. One of their full time professional staff, an IVC graduate who has since passed the CPA exam, is speaking to the IVC Accounting Society on March 7 about her progression from student to professional.
- Kieckhafer Schiffer & Company, who hired two IVC student interns last semester after one of their partners came to speak to our Accounting Society. One of their tax department CPAs is teaching Acct 207- Business Taxation this semester.
- Ells Certified Public Accountants & Business Advisors, who hired interns for two different tax seasons.
- Kaiser Aluminum, Inc.’s Chief Accounting Officer (last year’s Orange County chapter president for the Institute of Management Accountants), who has spoken at an IVC Accounting Society meeting, taught Acct 1A – Financial Accounting for us, participated in the IVC Accounting Department advisory meeting, gotten the local chapter IMA Board to provide two scholarships for IVC students and is considering internships at his company for IVC Students.
- Wertz & Company, LLP, who provided an office tour to IVC students and also had an employee who was an IVC student.
- Glenn M. Gelman & Associates, a CPA firm in Santa Ana, who provided an office tour to IVC students and also had an employee who was an IVC student.
- Andrew Tinseth, head of internal audit team at Western Digital Corporation, who spoke at an IVC Accounting Society meeting and participated in the IVC Accounting Department advisory meeting.
- Kushner, Smith, Joanou & Gregson, LLP (an Irvine CPA firm), who provided a tour of their offices for IVC students. They have since interviewed at least one of our students for a job. One of their employees has taught Acct 114 – Business Math at IVC and is currently teaching Acct 207 - Business Taxation.

- Nick Ellis, owner of multiple Jackson-Hewitt Tax Service franchises in Orange County, who has participated in IVC Accounting Department advisory meetings. While he typically hires only California Tax Education Council Certified tax preparers, he has hired several of our students to work at his businesses.

Don notes that one of the reasons IVC students are attractive to local CPA firms and tax preparation businesses is the way we have structured our tax programs, based on knowledge of real-world accounting practices. Our students get instruction in both federal and state taxation, learn professional level tax software in class and, after taking our two tax courses, are now certified by the California Tax Education Council. Participation in our Volunteer Income Tax Assistance (VITA) program, encouraged by their instructors, also enhances student resumes and helps strengthen our relationship with the City of Irvine; this program brings over a million additional dollars of tax refunds into Irvine each year. We have also received recognition from other taxing agencies: in February the Chairman of the California State Board of Equalization came to IVC to thank the volunteers for their efforts.

While the list of partnerships provided in the appendix to this report cites companies and contacts with whom IVC employees have established or are in the process of establishing partnerships, we will highlight a few of these partnerships with information that various faculty members have provided for this report.

IVC's Paralegal program has strong relationships with the OC Public Defender's, Legal Aid of OC and District Attorney's offices for student internships, according to instructor June McLaughlin. Typically these internships lead to jobs and we expect to see students gainfully employed over the next few years; our paralegal program is still relatively new with one graduating class to date. It has been more challenging to build relationships with local corporations that will provide internship opportunities for paralegal and general business students. We have established a relationship with the Association for Corporate Growth in Orange county, but this group has recently requested that IVC join with a paid membership as opposed to attending meetings gratis. Attending the ACG-OC has already led to connections to Wells Fargo Wealth Advisors and the Association for Young Executives OC who all have expressed a willingness to help the IVC School of Business Sciences. Faculty members attend ACG-OC networking meetings; these events are currently paid for with the faculty members' personal funds . A membership to ACG-OC would greatly increase the ability to deepen local corporate connections and build those relationships that will lead to internships and possibly jobs.

In the Real Estate program, Dixie Massaro reports that Tarbell is a major benefactor for our students, but all the major real estate firms in the region have employed our graduates. These firms include Prudential, Coldwell Banker, First Team, and Century 21. One of our Computer Information Management graduates was employed by the Irvine Company in Irvine and another by Shea Properties in Aliso Viejo. UCI, IVC, Saddleback College, and local school districts have hired several of our CIM graduates. The Job Placement Center has historically provided these referrals, and we have only

been able to track placements when our graduates send an email or call an instructor with whom they have developed a strong connection.

Instructor Scott Grabau reports that a former student in the new technical theater program at IVC took a few courses a year ago but did not complete a degree or certificate; nevertheless this student found gainful employment as a theater technician for BCT Entertainment and Disneyland Parks. The student believes that the job skills he acquired at IVC resulted in his acceptance into the Orange County stagehands union, IATSE Local 504. This “program leaver”, as defined by the state, has since made contributions to IVC as a mentor, a technician, and a designer for our productions. Both BCT Entertainment and employees of Disneyland Parks have joined our advisory group and the instructor credits this former student with referring BCT Entertainment President Chad Brook to IVC; Mr. Brook is now a valued member of the technical theatre industry advisory group. In addition, Les Blanchard of IATSE Local 504 has been an excellent partner and provided the college with access to some of the staff at Disney.

Robert Chaboya notes that several of his students have been hired in the electrical trade after taking wiring and OSHA safety classes at IVC. Some of his past students are now registered with the State of California as an Electrical Trainee or Apprentice. In addition to local businesses, educators, and government agencies, the local chapter of the International Brotherhood of Electrical Workers (IBEW) is represented on the Electrical Trainee Program advisory committee.

Amy Grimm, having worked in the museum field in New York, South Carolina, Texas and California, has numerous professional colleagues who have provided valuable insight for program development. Additionally, by working with professional organizations such as the American Alliance of Museums and the College Art Association, as well as more local and regional affiliates, she has broadened and deepened local connections and potential partnerships for IVC’s proposed program in Museum Studies. She states, “... the Applied Museum Studies Advisory Committee members are committed to collaborations that would include work for our students. Recently I’ve had specific requests for interns from the following Advisory Committee Members: Arts Orange County-Rick Stein, Executive Director; Dawson Cole Fine Art-Rich MacDonald, Owner, L.A. Municipal Art Gallery; Hollyhock House-Sara L. Cannon, Director, Museum Education and Tours Program, Art Curator; and Orange County Center for Contemporary Art-Stephen Anderson, Director. I have directed my students to these opportunities.”

The IVC Economic and Workforce Development (EWD) operation located at ATEP has been providing advanced technology training for regional manufacturing companies through contracts, and for individuals through fee-based training programs. Company clients include Beckman Coulter, Newport Corporation, Medtronics, Storm Manufacturing, Masimo, Interplex/Nascal, Bal Seal, MicroVention and more. To date more than 430 students have attended IVC/ATEP fee-based/not-for-credit training with great results reported by students and employers. A contract with the State’s

Employment Training Panel has provided up to half a company's training costs if the employees are retained by the company for 90 days after completing training.

A recent EWD contract served employees of CP Carrillo, a company that designs and manufactures aftermarket pistons and rods for the "Hot Rod" industry. Their Irvine facility alone produces over 150,000 piston and rod sets per year. Harry Glieder, CP Carrillo CFO, remarked, "We continuously train and further develop a labor force of more than 70 manufacturing employees". He went on to say, "while we relied primarily on internal training in the past, we have now partnered with ATEP Workforce training to provide new and re-assigned employees with technology-related training". Fifteen CP Carrillo employees finished ten weeks of customized training in CNC machine operation, customized to meet their specific organizational needs. Harry Glieder reported, "The feedback from our graduates of the recent ATEP courses is very positive, and employee satisfaction improved with this initiative. We have more potential students interested in these courses than we can currently accommodate".

Other companies are seeking customized training to help fill the "skills gap" in their own organizations. MicroVention recently contracted with EWD to train 18 engineers in the latest ASME Y14.5-2009 Geometric Dimensioning and Tolerancing (GD&T) standard. This course has also been provided for Storm Manufacturing, Newport Corp. and Interplex/Nascal in the past. By being responsive to regional business needs and delivering condensed customized training, IVC's EWD unit is finding ways to contribute to the economic growth of the community we serve. Contracts were initially the result of cold-calling, marketing programs, and networking, but now most training contracts are the result of individuals and companies sharing stories of their successful experiences with EWD. This operation is still small, but it is growing each year.

In addition to business partnerships, IVC has an educational partner who has contributed significantly to regional K-12 student career awareness and outreach for IVC: Vital Link. Kathy Johnson, the nonprofit organization's president, has created regional CTE advisory committees for high schools, Regional Occupational Programs, and community colleges. IVC will once again be a sponsor, and actively participate in, Vital Link's upcoming, second annual STEM and the Arts Showcase April 12-14 at the Orange County Fairgrounds. This exciting 3-day event partners area businesses with educators in a showcase of student work and program offerings in science, technology, engineering, mathematics and the performing arts. Each day there are student competitions in the various fields including Performance Engineering, Digital Media Art, Robotics, and Performing Art. The event is open to the public and features dozens of interactive displays related to careers as an opportunity for young people in the community to engage with the myriad employment options available to them.

In summary, IVC has built a significant number of partnerships with businesses and industries related to our CTE programs and College initiatives. We have recently created a CTE Task Force, where information and best practices are shared. We are consciously seeking to strengthen existing partnerships and build new ones that will help promote student success in our career programs, recognizing that there are many

methods for measuring student success: retention, transfer, graduation, gainful employment, and workforce skills building.

IVC Speech and Debate Team Takes Top Honors

The IVC speech and debate team took more top honors at the spring league championship tournament held at Cal State University Long Beach, February 22-24. The team, consisting of 44 IVC students, won both sweepstakes as the top community college and the top novice squad. The team already had taken sweepstakes awards this semester at Southwestern College, Pt. Loma Nazarene University, and Cerritos College. This was the largest tournament of the semester, with 41 schools sending 946 entries to the contest, which was organized by the Pacific Southwest Collegiate Forensics Association.

IVC2IVC Faculty Lecture Series

On Monday, March 4, in BSTIC 101, IVC held its IVC2IVC March Faculty Lecture Series with Professor Daniel Scott, School of Business presenting "The Entrepreneurial Mindset: Igniting Passion and Fueling the Fire."

Senior Day at IVC

On Tuesday, March 5, more than 2,000 area high school seniors filled the Student Services quad of Irvine Valley College (IVC) for a jam-packed fun and educational introduction to the college. Students had the opportunity to find out about early priority registration, the Irvine Valley College Honors Program, guidance and counseling, scholarships and financial aid, student government, campus clubs, career and technical programs, special services, admission and registration, athletics and intercollegiate programs, and instructional programs. This day offered students and their parents a tremendous opportunity to meet the IVC faculty, tour the campus, and see first-hand all that IVC has to offer.

IVC Music Department Features Area High Schools

On Friday, March 1, the IVC Orchestra performed with the Beckman High School Orchestra on the stage of the IVC Performing Arts Center. Joseph Ceman was the featured IVC guest student conductor. On Saturday, March 2, IVC and the University High School Jazz Ensembles joined together on the IVC PAC main stage for an evening of jazz.

IVC Holds Two Open Forums

Irvine Valley College held two college-wide open forums on February 27 and 28. Brief opening comments were provided by President Roquemore. Dr. Craig Justice, VP of Instruction; Dr. Linda Fontanilla, VP of Student Services; Davit Khachatryan, Director of Fiscal Services; Dr. Kathy Schmeidler, Academic Senate President; Dennis Gordon, Classified Senate President; and Thomas Thein, ASIVC President (on Feb. 27) and Medhi (AC) Talle, ASIVC Commissioner for Athletics (on Feb. 28), served as panel members during a question and answer open dialogue held in the A100 lobby. Trustee Marcia Milchiker also attended on February 28. Topics included the accreditation cycle, construction, the recent Student Services board presentation on mental health issues and campus safety, the college budget, ATEP, and faculty hiring.

IVC Holds Homecoming

On Wednesday, February 13, before the IVC men's and women's basketball games, the college celebrated homecoming. This year's homecoming King and Queen are Alarick Rattanasamey and Corliss Mejia. Associated Students of Irvine Valley College (ASIVC) sponsored the homecoming festivities, which included free In-N-Out burgers before the men's game, cotton candy, inflatables, a photo booth, free IVC t-shirts for IVC alumni attending, and much more.

Coaches vs. Cancer

On February 22, IVC's men's basketball hosted its annual Coaches vs. Cancer night, in the Lasers' final home game of the regular season against Riverside. All fans attending the game were charged \$5 for admission and the night's proceeds from ticket sales went to charity. The Lasers turned in one of their best performances of the season, defeating Riverside, 71-54, in an Orange Empire Conference game at home. The win closed out the regular season and the team moved onto a spot in the Southern California Regional playoffs.

IVC Foundation Receives \$12,500 from Greenberg Traurig, LLP

The Irvine office of Greenberg Traurig LLP recently presented Irvine Valley College Foundation with a check for \$12,500, an increased amount from last year, for its continuing participation as the title sponsor of the 2013 Astounding Invention competition. This year's event was held on January 26 and boasted over 400 entrants, who competed for nearly \$10,000 in cash prizes. This is Greenberg Traurig's seventh year as the title sponsor. Greenberg Traurig chose the top 14 inventions; on March 26, two students will be recognized and awarded with a patent search for their inventive inventions. Other major sponsors include: Rosemount Analytical, Irvine Ranch Water District, Klein O'Neill & Singh, Skyworks Solutions, Edwards Lifesciences, Grainger, and US Bank. Overall corporate sponsorship donations to IVC increased 55% from 2012 to 2013.

SUBJECT: Report for March 18, 2013 Board of Trustees Meeting

Saddleback College welcomed over 300 guests to the Library and Learning Resource Center Open House and Reception on Thursday, February 28th. The event highlighted our three divisions housed in the building – liberal arts, online education and learning resources, and fine arts and media technology. Ann Haggerty, a former librarian who has made significant contributions to the library, was honored by the Saddleback College Foundation. Thank you to Deans Kevin O'Connor, Patti Flanigan, and Bart McHenry for their excellent presentations, and to our Associated Student Government representatives for being wonderful ushers and tour guides.

Congratulations to the Gaucho's men's basketball team for their incredible performance in the regional playoffs, and for its 16-game winning streak (as of press time of this report).

Congratulations to Dean Kevin O'Connor, who was named the Association of California Community College Administrators (ACCCA) Volunteer of the Year. Dean O'Connor was recognized for his work as an ACCCA board member, commission member, treasurer, past-president, representative to the Consultation Council, and now as the continuing chair of the editorial board.

Saddleback student Bahar Sharareh invited and interviewed Joanne DeMarchi, RD, Associate Faculty in the Food and Nutrition Department, to Saddleback's own KSBR 88.5 FM jazz radio station. During a 30-minute interview they discussed healthy beverages, simple ways to improve your diet, portion control, proper use of supplements, and caffeine. This interview will air during the month of March.

The Landscape Designers Club has officially kicked off with students who are passionate about sustainable landscape design. Both Ken Lee and Robert Farnsworth are involved as the club advisors. As the continuing education, this will provide valuable opportunities for club member students to get involved in community services as landscape designers. They already have five leads that may be panned out as conceptual landscape design service opportunities, which in turn will bring closer relationships with local communities.

The Rotary Club of Laguna Niguel has offered a \$500 scholarship for a top Saddleback College student in the cosmetology program attending the Advance School of Beauty. The outstanding student is Kathryn Hoist. Thanks for the Rotary Club's wonderful support of our student, their contribution will help her on

her path to licensure and a successful occupation. The Rotarians represent all that is good in our community.

Fine Arts and Media Technology

The Saddleback College Art Gallery's art exhibit entitled Case Studies: From New York, City, the Art of Ron Lent and Ethan Cornell, ended on March 14th. It was very well received by faculty, students, staff and the community. Concert Hour on March 7th featured jazz artists keyboardist Ben Wendel and multi-reed player Dan Tepfer. The admission was free and the house was packed with students, faculty, staff and members of the community. Also on March 7th, the John Daversa Small Band performed in the McKinney Theatre for jazz enthusiasts to enjoy. On March 8th, speech students entertained a lively audience in the McKinney Theatre with their annual Speech & Debate Showcase & Fundraiser. On March 9th, the Saddleback College Community Chorale and the College Choir, under the direction of Dr. Scott Farthing, performed favorites from the Great American Musical Theatre Songbook. Special guest artist and Broadway star Bryonha Marie Parham joined the choirs. Also, on March 9th, the Angels for the Arts sponsored the Big Band Swing Thing at the Norman P. Murray Center. Proceeds benefit student scholarships in the arts. On March 10th in the McKinney Theatre, faculty member and pianist Kirill Gliadkovsky, performed a Russian Spectacular featuring works by Russian Composers. On March 11th, the Jazz Lab Ensemble, directed by Joey Sellers, performed a concert in the McKinney Theatre. On March 15th, the Wind Ensemble, conducted by Yorgos Kouritas, closed its annual festival with an evening performance of the finest American wind literature. On March 16th the Saddleback College Symphony Orchestra, under the direction of Yorgos Kouritas, presented Concerto Gala – Catch a Rising Star featuring the winners of the 2013 Music Teachers Association of Concerto Competition. The Department of Theatre Arts' production of *The Women of Lockerbie* was held in the intimate Studio Theatre on March 29th and continues through April 7th.
